Additionally you need:

Water, kettle, cooking oil

Instructions:

1 Mix the kneading-soap with hot water and cooking-oil (e.g. 100g of soap in 40ml/g of water and 10ml of cooking oil) and decorate it with some soap colour lemon as well with soap fragrance oil "lime", according to your taste. Then, let the soap mixture swell for about 10 minutes. Knead once more the soap completely out and finally, you can start shaping the small lemon soaps.

2 Trim the yellow letterhead at the size of 12.7 x 4.5 cm and stamp it centrally with the stamp („Find the beauty..."). Affix the cutting on the front part of the paper fry box by means of the 6 mm double-sided adhesive tape.

3 Trim the chair caning strand and affix the upper & lower part of the cutting onto the paper fry box by means of the 3 mm double-sided adhesive tape.

Now unfold and shape the paper fry box.

4 Put the lemon-shaped soaps into the gift bag and close it with cotton ribbon, then insert it into the paper box.

Tip Let the lemons dry well out before putting them into the gift bag.
